

## HOME HAPPENINGS

## SUBSCRIPTIONS MUST BE PAID IN ADVANCE

The Dispatch has received the following notice from the War Industries Board which means that it will be necessary to place the subscription list on a strictly cash in advance basis:

"No publisher may continue subscriptions after three months after date of expiration, unless subscriptions are renewed and paid for."

Patrons who know themselves to be in arrears and desire the paper continued will please remit without delay.

All Halloween next Thursday night, when the goblins will be out.

Boy Scouts have been busy in the park for several days and now have it well cleaned up.

A daughter was born last week Thursday night to Mr. and Mrs. Clyde Orr of Milton township.

A daughter was born Monday to Mr. and Mrs. Edmund Tanner, who reside on the Salem road.

A son was born Wednesday afternoon to Mr. and Mrs. G. E. Preston who reside near the old Tippecanoe shaft.

Mahoning county took more than \$15,000,000 of the fourth Liberty loan, surpassing the quota by nearly \$5,000,000.

The ban being off gasoline for automobiles made little difference last Sunday as the storm prevailing nearly all day kept machines off the roads about as effectually as on gasless Sundays.

A son came last Saturday evening to brighten the home of Dr. and Mrs. C. H. Campbell, and Grandpa Dr. Daniel Campbell has since been stepping high. The heir has been named Donald Armstrong.

Ensign Carl Liddle is seriously ill in Cleveland, suffering with pneumonia, and fears are entertained for his recovery. His parents, Mr. and Mrs. M. H. Liddle, were at his bedside several days this week.

Those wishing boxes in which to send overseas Christmas gifts, will kindly inform Mrs. W. P. Hollister not later than Friday of this week so she can report to Yuletide chapter how many are wanted here.

A daughter was born last Saturday afternoon to Mr. and Mrs. Carl Rider. The father is in the service of his country, stationed at Norfolk, Va., and the mother is at the home of her grandparents, Mr. and Mrs. R. A. Manchester, on Lisbon street.

Colonial time will pass next Sunday at midnight when the hands of the clock will be retarded one hour. That will put Canfield back on eastern time. Colonial time has proven so satisfactory in many places that it will be continued.

That sermon which Rev. W. P. Hollister, pastor of the Presbyterian church, is to preach on "Gossip" after the flu quarantine is raised will very likely "get on the nerves" of some people, if they can be bothered long enough to listen to it.

L. D. Richey, a young man employed as machinist at the Smith-Beckmann Machine Co. plant, got his left hand caught in a shaper last Saturday and several fingers were badly lacerated. The injured member is healing nicely and he will soon be able to resume work.

John Kendig, son of Dr. and Mrs. J. M. Kendig of Canfield, who has been chief electrician aboard a man-of-war for a dozen years, writes that his ship is in foreign waters and that he is well and occasionally able to go ashore. He asks to be remembered to all old Canfield friends.

Dispatch patrons are responding promptly to the war industries board order covering advance payment of subscriptions for which the publishers are grateful and return thanks. It is very evident that it will be necessary to drop only a few names from the list because of non-payment.

Rapid progress is being made rebuilding the road on West Main street and repairing the highway on East Main street. A large gang of men from the county jail, working under guard, is employed on the west road. With favorable weather conditions both jobs will be completed within a month.

It does not now seem probable that the clocks will be turned back an hour on October 27 as originally proposed. Senator Colder of New York has introduced a bill in the senate to let present time remain and there seems to be no objection. People can get used to anything but getting up time seems now to be about the middle of the night.

More heavy machinery has been placed in the Smith-Beckmann Machine Co. plant the past week and additional lathes and a drill press are still to come. The company booked an important order from Cincinnati on Tuesday and with others on hand covering war activities the plant will be kept running day and night for weeks to come.

Farmers are husking corn and digging potatoes. Corn in this county is generally good but the potato crop in some localities is almost a failure, due it is believed to the dry season during the summer. In many fields the potato tops kept green and there was promise of satisfactory yields but when digging time came the tubers could not be located for good and sufficient reason that they were not there.

The order of the village board of health issued as a precautionary measure against the spread of influenza closing churches, schools, pool rooms, and prohibiting public meetings and children roaming the streets, is still in force and is likely to continue at least another week. While Canfield has been remarkably free of the disease which is epidemic in a number of nearby towns, no chances will be taken to let it spread.

County Road Engineer E. S. Smith of Youngstown makes frequent visits to Canfield while the macadam road on West Main street is being rebuilt. A state official was here from Columbus a few days since and highly complimented Mr. Smith on the work done in this county during the past six months, many miles of road having been constructed and rebuilt. It was largely through the efforts of Mr. Smith that the rebuilding of the West Main street road is being done this fall.

It is now in order to still help to win the war by purchasing war saving and thrift stamps.

E. P. Tanner's country home on the Salem-Canfield road has been painted white and presents a fine appearance.

A slight fire occurred at the residence of H. W. Corli, north of town on Saturday afternoon. The volunteer fire department made a quick run, but the blaze had been extinguished before it arrived.

M. H. Liddle, cashier of the Farmers' National Bank and chairman of the local committee in the Fourth Liberty loan drive, reports sales amounting to \$143,400 or more than \$50,000 above the bank's quota. Canfield has gone away over the top in every bond sale and in placing war saving and thrift stamps has been a wonder.

## NEIGHBORHOOD NEWS

Lisbon is said to have 500 cases of "flu."

Ernest Rowland of North Benton and Miss Elsie Piper of Hollywood were married Monday at North Benton by Rev. Wilson.

Carl Snyder of New Philadelphia, aged 21, died Monday in the Alliance hospital following injuries sustained Sunday in a football game.

H. C. Park's cider and saw mill in Lordstown township burned the other night, causing a loss of \$6,000 on which there was no insurance.

Since the war began 850 daily newspapers and nearly double that number of weekly newspapers have been forced to suspend publication.

A large barn and silo on A. H. Stewart's farm in New Albany burned Wednesday night, causing considerable loss. The origin of the fire is unknown.

The influenza epidemic in East Palestine is now under control, the government having sent officials to assist in caring for victims which have numbered close to 1,800.

Mrs. Temperance Caddick Pearce died in Niles last Saturday of apoplexy aged 76. Her husband, Thos. Pearce, died eight years ago. She is survived by nine children, 20 grandchildren and three great-grandchildren.

J. F. Adams & Son of Lisbon own apple orchards in Middleton township which are expected to yield 15,000 bushels of choice fruit. Shipments have started and will continue until the entire crop is marketed.

The scarcity of sugar is credited with having tempted three Warren ladies to rob a hive belonging to S. A. Meals, but Mr. Meals got wise and called officers who nabbed the ladies before they got away with the sweet stuff. The boys were let off with a lecture.

Albert Zimmerman, aged 22, son of Mr. and Mrs. Edward Zimmerman, of New Albany, died Tuesday at Camp Sherman of pneumonia, following influenza. He was a fine young man and had been in the training camp only a few weeks. The remains will be brought to New Albany for burial.

## LESTER COX SEEING THINGS IN FRANCE

Somewhere in France, Sept. 18, 1918 Dear Mother and Father:—I have been on a long trip since last writing to you, in fact, a little over 1,500 miles and have practically seen all of France except a few extreme portions. You asked me what my work is. It is mechanical on everything. We took a convoy of trucks, motorcycles and some other machinery up to the front, and back with my company now. I worked as line mechanic on the trip. We got in last night and I have a big washing to do today. We were gone 11 days and saw some of the finest old castles and ruins in the world. I saw one arch made before Christ was born and the carvings are legible yet. You can see a city built up on a hill top with a solid stone wall 50 feet high all around and a moat running around the entire city with the old draw bridges still there.

I have received all of your letters so far; the 6th I received last night. I do not need money or anything else that I know of. I suppose you have received my letter saying no torpedo ever hit me but we had rammed a submarine. I can understand a little French and talk with tongue and finger signs enough to get something to eat. I have never seen anyone from home over here. It is raining today and is miserable.

With love and best wishes, your loving son,

LESTER.

## SOLDIER BOY HONOR ROLL

The large sign board in the center of the park in Canfield showing the map of Mahoning county will be transformed into an honor roll for the boys from Canfield township who are in the service or have entered since the beginning of the war. In order that this list may be complete we are requesting that all friends and relatives of the boys please send in their names at once stating what branch of service they are in. Do not be afraid of duplicating. We will check the list. H. A. Lehman, County Agent.

## RED CROSS KNITTERS

Those who have Sox, sweaters or helmets started, will kindly finish and turn them in as soon as possible, that we may get the present yarn accounted for before another consignment is granted. Let us try and finish these garments before the first of next month.

WHOSE DOLLAR? A Dispatch patron on Tuesday evening mailed at the Youngstown postoffice in a Dispatch self-addressed envelope #1 which was enclosed in a sheet of pink linen finish paper bearing no writing. The sender kindly furnish name and address so that the remittance may be properly credited?

Persons having books from the traveling library please return them Friday, Oct. 25, as these books must be sent back to Columbus. If you cannot do this Friday return them as soon as possible to Miss Minnie Myers.

Card of Thanks I desire to express my thanks to those who helped extinguish the fire at my residence last week. While the help of the Canfield Volunteer Fire Department was not required their prompt response is greatly appreciated. Henry W. Corli.

ORDINANCE

Declaring It Necessary to Improve East Main St. From the Intersection of Broad St. East to the Village Limits by Repairing and Resurfacing.

Be it remembered by the Council of the Village of Canfield, Ohio, three-fourths of all members elected thereto concurring.

Section 1. That it is necessary to improve East Main St. from the intersection of Broad Street, east to the village limits in the following manner:

By filling the depressions with coal patch and tar.

Section 2. That the whole cost of said improvement, less one-fifth thereof and the cost of interest shall be assessed by the foot front upon all the lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specifically benefited by said improvement.

Section 3. That the assessments to be levied shall be paid in five annual installments with interest on deferred payments at five per cent per annum; provided that the owner of any property assessed may, at his option pay such assessment in cash within sixty days from and after the passing of the ordinance.

Section 4. That the assessments shall not include any item of interest upon bonds or notes issued in anticipation of the collection of deferred installments of assessments.

Section 5. That the bonds of the Village of Canfield shall be issued in anticipation of the collection of assessments by the village and in an amount equal thereto.

Section 6. That the remainder of the entire cost of said improvement not specifically assessed, including the cost of interest together with all other costs and expenses shall be paid out of the service fund.

Section 7. That we deem it for the best interest of the public that in lieu of constructing said improvement by contract we proceed to construct the same by force account.

This ordinance is hereby declared to be an emergency ordinance and this enactment is necessary for the immediate preservation of the public safety of the Village of Canfield, Ohio, it being necessary because of the fact that the streets proposed to be improved are unsafe and dangerous and that unless the same is repaired at once cold weather will interfere with the improvements.

Done in Council this 15th day of October, 1918.

J. H. BASINGER, Mayor.

Attest: S. A. Arnold, Clerk. 28-2
